THREE CENTURIES OF FINE FURNITURE

GLOBE COLLECTION

Through three generations Morris Furniture has been manufacturing the highest quality furniture. Founded by Harris Morris, often innovative and always functional we built our business supplying Cunard liners and prestigious hotels, such as Gleneagles, with fine cabinet furniture.

During the war years we manufactured wood components for Lee Enfield and developed fighter components culminating in the prototype of the helicopter blade. Following the war, Harris's son, Neil Morris, concentrated on high quality domestic and contract furniture becoming known as the father of modern furniture production. Today, Robert Morris, grandson of the founder steers the company to manufacture domestic furniture for the UK market.

The Globe Collection is a sleek European contemporary range featuring bold and strong lines throughout with heavy emphasis on a solid wooden look. The feature block board effect on the tops and the dovetailed drawers with solid runners show the epitome of craftsmanship to its fullest. Oiled oak combined with lacquer gives a sealed oil look, and offers a no maintenance finish with no need to reapply oil.

THREE CENTURIES OF FINE FURNITURE

Furniture Care
Morris Furniture selects its raw materials with extreme care, to enhance the natural characteristics of the wood. We cannot guarantee that any one piece of furniture will exactly match another – indeed, any variations in grain or colour are part of the natural beauty of wood and over time the colours and shades will blend with the patina of age. To prolong the good looks of your furniture, avoid prolonged exposure to sunlight and move your display objects around from time to time. To clean, wipe over with a damp cloth and use a dry clean cloth to remove any remaining moisture.

Do not place in direct sunlight or immediately adjacent to a heating appliance. All fabrics used in the manufacture of these products are tested in accordance with the Furniture and Furnishings (Fire) (Safety) Regulations 1988, amended 1989 and 1993. All foams are combustion modified. While every care is taken when compiling this brochure to ensure

* Denotes ready to assemble

the colours shown are as true as printing methods allow, they should be taken as a guide only and accuracy cannot be guaranteed. We reserve the right to alter specifications without prior notice. Owing to the supply of natural materials we cannot always guarantee a perfect match. Errors and omissions excluded.
