THREE CENTURIES OF FINE FURNITURE

# WINDSOR COLLECTION

Through three generations Morris Furniture has been manufacturing the highest quality furniture. Founded by Harris Morris, often innovative and always functional we built our business supplying Cunard liners and prestigious hotels, such as Gleneagles, with fine cabinet furniture.

During the war years we manufactured wood components for Lee Enfield and developed fighter components culminating in the prototype of the helicopter blade. Following the war, Harris's son, Neil Morris, concentrated on high quality domestic and contract furniture becoming known as the father of modern furniture production. Today, Robert Morris, grandson of the founder steers the company to manufacture domestic furniture for the UK market.

Windsor's sleek lines, warm teak veneer and elegant cornice details suggest a sense of sophistication. The extensive range has been designed to accommodate any layout. With a choice of two dining tables, there is always one to suit your home. Bookcases, display units, occasional tables and end units complete the comprehensive choice.

**Large Drinks Unit  
WDR 010**  
Width: 1586  
Height: 1864  
Depth: 418

Cream Argo-1

**3 Slat-Back Chair  
WDR 530**  
Panama Oyster

**3 Slat-Back Carver  
WDR 535**  
Panama Oyster

THREE CENTURIES OF FINE FURNITURE

**Furniture Care**

Morris Furniture selects its raw materials with extreme care, to enhance the natural characteristics of the wood. We cannot guarantee that any one piece of furniture will exactly match another – indeed, any variations in grain or colour are part of the natural beauty of wood and over time the colours and shades will blend with the patina of age. To prolong the good looks of your furniture, avoid prolonged exposure to sunlight and move your display objects around from time to time. To clean, wipe over with a damp cloth and use a dry clean cloth to remove any remaining moisture.

Do not place in direct sunlight or immediately adjacent to a heating appliance. All fabrics used in the manufacture of these products are tested in accordance with the Furniture and Furnishings (Fire) (Safety) Regulations 1988, amended 1989 and 1993. All foams are combustion modified. While every care is taken when compiling this brochure to ensure

the colours shown are as true as printing methods allow, they should be taken as a guide only and accuracy cannot be guaranteed. We reserve the right to alter specifications without prior notice. Owing to the supply of natural materials we cannot always guarantee a perfect match. Errors and omissions excluded.
