THREE CENTURIES OF FINE FURNITURE

Through three generations Morris Furniture has been manufacturing the highest quality furniture. Founded by Harris Morris, often innovative and always functional we built our business supplying Cunard liners and prestigious hotels, such as Gleneagles, with fine cabinet furniture.

During the war years we manufactured wood components for Lee Enfield and developed fighter components culminating in the prototype of the helicopter blade. Following the war, Harris's son, Neil Morris, concentrated on high quality domestic and contract furniture becoming known as the father of modern furniture production. Today, Robert Morris, grandson of the founder steers the company to manufacture domestic furniture for the UK market.

The Avenue collection brings together this history of fine furniture manufacture with fresh light look for the bedroom. With straight lines, this shaker design in a mixture of solid and veneered oaks, gives the contemporary or traditional bedroom a full collection of pieces which will look stunning for years to come. When you choose Morris, you can be assured of a company who takes pride in its history.

Width: 1780  
Height: 1000  
Depth: 2120

**Furniture Care**

Morris Furniture selects its raw materials with extreme care, to enhance the natural characteristics of the wood. We cannot guarantee that any one piece of furniture will exactly match another – indeed, any variations in grain or colour are part of the natural beauty of wood and over time the colours and shades will blend with the patina of age. To prolong the good looks of your furniture, avoid prolonged exposure to sunlight and move your display objects around from time to time. To clean, wipe over with a damp cloth and use a dry clean cloth to remove any remaining moisture.

Do not place in direct sunlight or immediately adjacent to a heating appliance. All fabrics used in the manufacture of these products are tested in accordance with the Furniture and Furnishings (Fire) (Safety) Regulations 1988, amended 1989 and 1993. All foams are

combustion modified. While every care is taken when compiling this brochure to ensure the colours shown are as true as printing methods allow, they should be taken as a guide only and accuracy cannot be guaranteed. We reserve the right to alter specifications without prior notice. Owing to the supply of natural materials we cannot always guarantee a perfect match. Errors and omissions excluded.
