Lucerne Dining Collection

Morris Furniture's latest range; Lucerne is a traditional dining collection featuring 13 items in total, including 3 tables and 4 occasional pieces.

Lucerne signifies a new design trend going forward with the use of acacia wood timbers and veneers, highlighting the naturally occurring contrasting shades of wood, giving an overall impression of a dark, rich, luxurious dining collection.

Eclipse Collection

The Eclipse collection involves a strong contemporary design in natural oak with an attractive walnut inlay on all pieces and shaker legs. Even the solid oak handles incorporate the main feature of walnut inlay.

There is a selection of wall units, sideboards, dining tables and chairs and matching occasional tables which finish off this head-turning living & dining collection.

Supplying Furniture Through Three Centuries

The Morris Furniture Group has a long and illustrious history throughout three centuries. Founded in 1884, Morris Furniture has been an innovative cabinet making business from its earliest days. Supplying panelling and furniture for the world's great ocean liners such as the Queen Mary and the QE2, seating for the first cinemas, bedroom furniture for Her Majesty; The Queen and furniture for many exclusive hotels and embassies around the world.

Meanwhile, the production of cabinet and domestic furniture established the business. Taking bold steps in furniture design whilst developing new cutting edge techniques in craftsmanship; generating much praise for the company and accumulating many design awards. Paving the way for Morris Furniture to elevate itself as the largest cabinet manufacturer in the UK.

Morris Furniture continues to adapt and grow today; building upon the experience gained from three centuries within the industry. Innovation is a constant throughout our years of furniture manufacture and we strive to continue setting the pace within the industry with new designs and staying a step ahead of key furniture trends.

Furniture Care

Morris Furniture selects its raw materials with extreme care, to enhance the natural characteristics of the wood. We cannot guarantee that any one piece of furniture will exactly match another – indeed, any variations in grain or colour are part of the natural beauty of wood and over time the colours and shades will blend with the patina of age.

To prolong the good looks of your furniture, avoid prolonged exposure to sunlight and move your display objects around from time to time. To clean, wipe over with a damp cloth and use a dry clean cloth to remove any remaining moisture.

Do not place in direct sunlight or immediately adjacent to a heating appliance. All fabrics used in the manufacture of these products are tested in accordance with the Furniture and Furnishings (Fire) (Safety) Regulations 1988, amended 1989 and 1993. All foams are combustion modified. While every care is taken when compiling this brochure to ensure the colours shown are as true as printing methods allow, they should be taken as a guide only and accuracy cannot be guaranteed. We reserve the right to alter specifications without prior notice. Owing to the supply of natural materials we cannot always guarantee a perfect match. E & OE (Errors & Omissions Excepted).
