ECODREAM COLLECTION

The Eco collection is made up of high quality, luxurious double jersey fabric, which is designed especially for a better breathable air circulation throughout the mattress. The Eco collection is environmentally friendly, free from any chemicals and pesticides. The fibres on the fabric are selected so that the mattress can be recycled after the indicated life-time making it re-usable for other sources. The fabrics in this collection have been treated with Nature's own patent protected "Purotex®" finishing. This is a special probiotic treatment which reduces allergies, keeping the mattress free from dust mites, without using pesticides or biocide.
