# *Introduction*

## Celebrating 90 years of craftsmanship

Our 90th year is an appropriate milestone for the next development in Wood Bros' evolution. Choice, quality and availability are increasingly important for today's discerning customer and we at Wood Bros are responding to this by offering three diverse collections from distinctive Old Charm to classic Chatsworth and the new elegant Ludlow.

2014 sees a significant increase in the choice of finishes available, with Old Charm now available in 8 different finishes and 4 colours all available in either Traditional or Heritage.

The Lifetime Guarantee that has been the ultimate expression of our confidence in the quality and integrity of Old Charm is now extended across all the collections within this anniversary brochure.

Furthermore, our delivery times are now shorter than ever due to investment in our supply chain ensuring your selected furniture will be in your home even quicker!

There really has never been a better time to invest in our exceptional offer.

### Our heritage...

Wood Bros Furniture was founded in 1924 by Mr H.W. Wood MBE and is still a family company today. From a long line of skilled cabinetmakers, 'HW' loved the strength and character of oak with its hard open grain which was ideal for the rigours of domestic use as well as for delicate carving. He created the Old Charm collection of fine traditional furniture which drew on the 16th century Tudors as style inspiration with its plethora of unique carvings and motifs.

Other timbers and materials like glass fibre and plastics later caught his imagination and resulted in a wide and varied history of innovation and design. Prestigious contracts of national importance were earned on the great ocean-going transatlantic liners of the 1960s and achieved considerable international recognition.

## Old Charm

**Old Charm Collection** The popular Tudor-influenced designs are depicted throughout the large Old Charm collection and offer a wide choice of dining, living and home office furniture. This choice extends to a large and varied fabric selection available to view in store or online. The finer detail featuring intricate hand carving, authentic bespoke fittings and hand soldered leaded lights provide the feel of the period yet is relevant to today's lifestyle.

## LUDLOW

## Chatsworth

The '**Chatsworth Collection**' sees the extension of Old Charm into a more classic and unembellished style that reflects the informality of the archetypal English 'country manor'. What it lacks in adornment it makes up for in character shown through the knotty oak, turned legs, and plain beaded panels.

It is finished in 'Flaxen', a mellow straw colour that together with mild softening suggests centuries of use.

Hand forged metal handles and discreet hinges are used as door furniture and to enhance the collection's simple lines.

A selection of dining fabrics and hides are available that complement the Chatsworth collection. To view the swatch, see in store or online.

The '**Ludlow Collection**' features a more delicate and subtle take on traditional furniture. Featuring pippy oak and a soft 'corn' finish, Ludlow would complement many interior styles and sizes due to its compact scale.

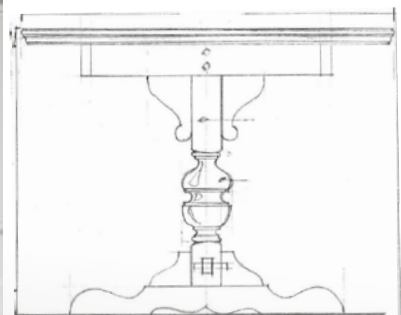

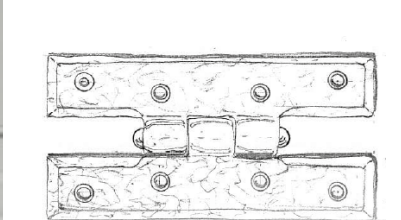

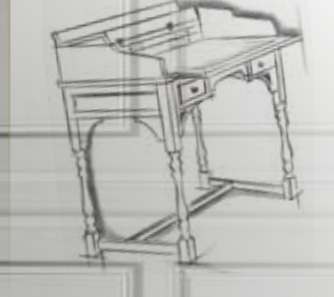

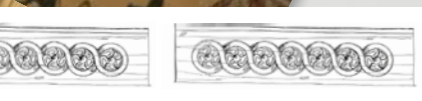

Tapered legs, clean lines and elegant proportions make Ludlow a distinctive collection for the living and dining room.

Simple oak knobs and discreet hinges are as functional as they are decorative.

A selection of dining fabrics are also available. To view the swatch, see in store or online.

**Please note** that all sizes are approximate. As Wood Bros policy is one of continual improvement, we reserve the right to amend specifications or to withdraw models without prior notice. Whilst every care has been taken, colour of timber finishes as illustrated can only be as accurate as printing processes allow.

# Finishes

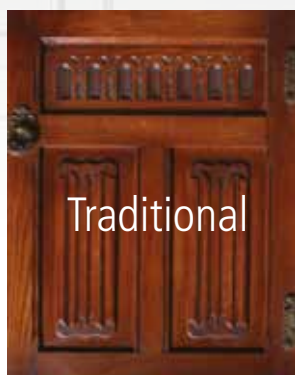

Old Charm is constructed from character oak and the natural beauty of the timber is then enhanced with a choice of colour and finish. 2014 sees the choice of colour increase to 4 and each of these colours are now available in both traditional and heritage taking the combination of choice up to 8.

This offers you a greater opportunity to influence the finished look of your selected furniture to match your requirements.

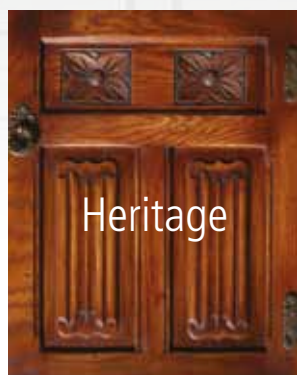

These finishes are achieved through the use of traditional materials and techniques to be both pleasing to the eye and durable. At the same time attention to detail ensures that these are authentically replicated to capture the history and integrity of the time.

**The Traditional finish** Is a clean consistent finish that is complemented with mild softening of cabinet edges offering a style that is comfortable in both traditional and contemporary settings.

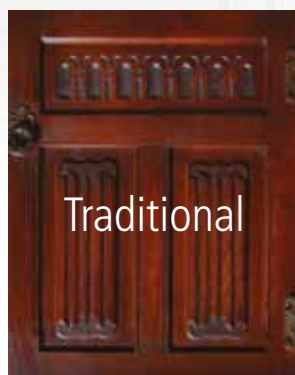

**The Heritage finish** gives an added historic dimension to the furniture with light distressing that reflects the passage of time and promotes the most authentic representation of the period. This combined with the character oak, selected colour and tonality gives Old Charm a distinctive presence.

Traditional

Heritage

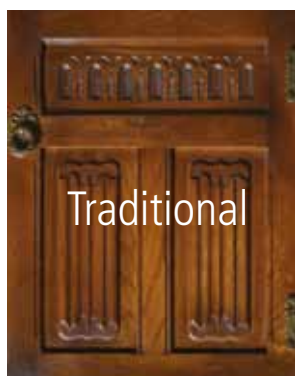

Traditional

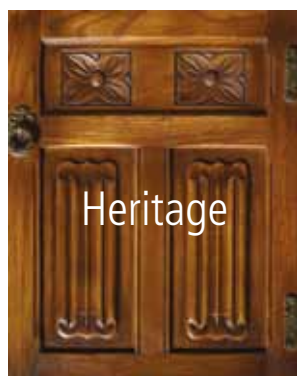

Heritage

**Chestnut** – Warm rich nutty hues allow the character of the grain to show through and is new for 2014.

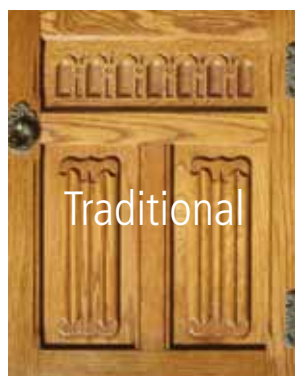

**Tudor Brown** – Rich ruby brown the deepest of the four colours.

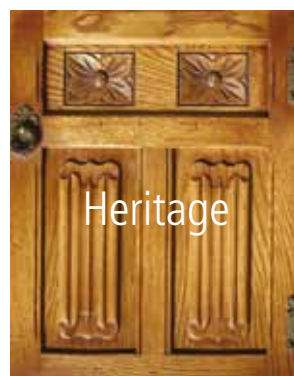

Traditional

Heritage

Traditional

Heritage

**Light Oak** – A mellow brown colour with warm honey tones that develop as the furniture ages.

**Vintage** – a lighter caramel tone which offers a softer look to the furniture

## Chatsworth 'Flaxen' finish

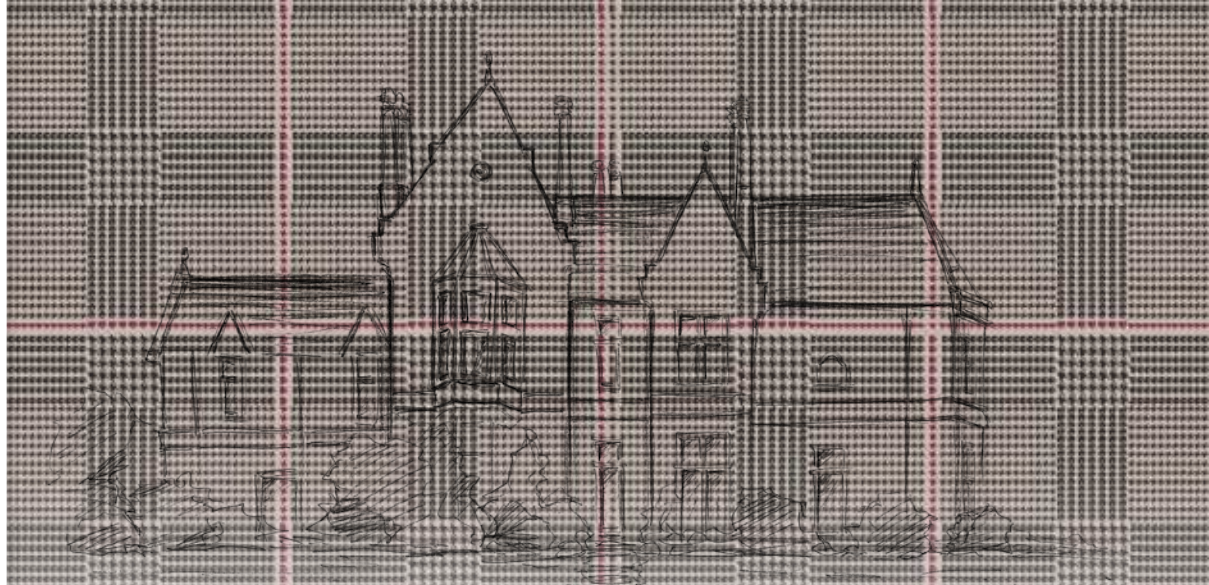

The **Chatsworth collection** is available in Flaxen which is a natural warm oak colour. It is enhanced with darker rubs and softened edges to give a distinctive look.

**Please note** that all sizes are approximate. As Wood Bros policy is one of continual improvement, we reserve the right to amend specifications or to withdraw models without prior notice. Whilst every care has been taken, colour of timber finishes as illustrated can only be as accurate as printing processes allow.

## Ludlow 'Corn' Finish

**Ludlow** is finished in 'Corn', a fresh and light toned oak, with the table top and selected panels featuring Pippy Oak detailing. Pippy Oak is a naturally decorative timber that suits the delicate style of the collection.

**Please note** that all sizes are approximate. As Wood Bros policy is one of continual improvement, we reserve the right to amend specifications or to withdraw models without prior notice. Whilst every care has been taken, colour of timber finishes as illustrated can only be as accurate as printing processes allow.

# Old Charm Lifetime Guarantee

The Lifetime Guarantee is available on Old Charm furniture to all UK customers who register by returning the form to the company on receiving their goods. Please contact us directly or website [www.oldcharm.co.uk](http://www.oldcharm.co.uk) for more details.

## Collectors Club

Once you have become an Old Charm customer, you are eligible to join our collectors club by simply returning your completed Lifetime Guarantee form. If you provide us with your email address we will be able to include you in our e-newsletter. This provides exclusive information on new products, launches and special collector discounts from 2012 onwards.

## The Environment

Caring for the environment is an issue of great importance and at Old Charm we ensure that all timber used is sourced from sustainable and managed forests. In addition to this, all areas of the business actively control and manage waste in the most appropriate way and recycle whenever possible.

As part of our traditional values and continued responsibility to the environment, we deliver our furniture wrapped in re-usable protective blankets so there is no packaging to dispose of. Wood Bros are members of The Furniture Industry Sustainability Programme (FISP). FISP, which is audited by FIRA International, was launched in 2006 to support and improve the furniture industry's sustainability credentials. FISP has rapidly become established as the industry forum on all environmental and sustainability issues. FISP membership demonstrates that Wood Bros is taking its environmental and corporate social responsibility obligations seriously. FISP does not just focus on environmental issues, but also purchasing, end of product life, and also social and community issues.

# *Genuine Materials*

Solid timber is not necessarily ideal for use in every part of a piece of furniture, and where other materials are more suitable (e.g. because of excess movement or structural needs) they are used in preference to solid oak. This may include other solid timbers or veneered panels. The result is that every piece in every range is ideal for its purpose and truly built to last.

# *Furniture Care & Maintenance*

Your furniture will continue to improve through the years with very little effort on the part of the collector. Simple dusting, together with the occasional use of a non-silicone based wax available from any home wares store, will help to maintain the polished finish. Natural beeswax is recommended for this. Polish in the direction of the wood grain.

Your furniture will mellow with use and its character will be enhanced by the passage of time. However, it should be borne in mind that some care should be taken in its use.

Hot plates, wet cups, etc., will mark surfaces even through a tablecloth. Liquids spilt on the surface should be wiped off without delay. If liquid soaks through to the wood, it can swell or stain the grain, or warp & de-laminate the veneer (where it is used), which would require professional repair. Alcohol, perfume, after-shave and medicines can cause severe damage to the finish.

Extreme atmospheric conditions (dryness or dampness) should be avoided, and the furniture should be kept out of direct sunlight and away from other heat or damp sources. To ensure your furniture mellows evenly, it is advisable to move around any ornaments displayed on top of furniture to avoid the possibility of marking. This fading is not a fault with the timber.

It is the predominance of solid timber in our ranges and the use of traditional methods of finishing which cause the furniture to be affected by atmospheric conditions. Modern materials such as glass, chrome and plastic can be made to resist these atmospheric conditions, but wood is a living material which reacts to its environment. Never drag furniture as this can weaken the joints, always lift it.

# *Upholstery Care*

The hide we use is lightly buffed, semi aniline leather finished with a blend of oils and wax to achieve a cracked, almost distressed finish with a slight pull effect. Hides may be cleaned using a little warm water and hand soap. Do not use detergent or chemical polishes. We do not recommend the use of leather creams. Fabric cleaning should always be undertaken by a professional. For our upholstery fabrics we would advise drycleaning.

# Showroom

Over the years we have built up a first class reputation for customer care and attention. Whilst sales are made through our specialist retailers, unfortunately it is impossible for even the largest outlet to stock the complete Old Charm range. However all our designs are on view at our recently refurbished showroom in Ware, Hertfordshire, and we welcome visitors six days a week between 9.30am and 4.30pm Monday – Friday and 10am – 3pm on Saturdays (we are closed on public holidays)

## When visiting our showroom may we suggest the following:

- ◆ Have your room dimensions available to aid decision making.
- ◆ Bear in mind curtain and wall colourings to help with your fabric and wood colour choices.
- ◆ If travelling long distances it may be worth telephoning so that our Sales advisors are prepared for your visit.

**Please note:** All orders will be placed through your local stockist but orders can be taken at our showrooms. Nearest public transport is Ware Railway Station, approximately a 5 minute walk.

# Website

Our website [www.oldcharm.co.uk](http://www.oldcharm.co.uk) is designed to provide additional information and to support the brochure by providing regularly updated information on all our furniture collections, together with any special seasonal offers, press information and any upcoming events. All online purchases are handled by our established network of Old Charm stockists. To download the brochure as a paper-free PDF go to [www.oldcharm.co.uk](http://www.oldcharm.co.uk), on the Home page scroll down and you will see 'products by range' bar. Simply click on the range name 'Old Charm' and on the following screen click on the 'Brochure Download' button.

The screenshot shows the Old Charm website homepage. At the top, there is a navigation bar with links: CALL ME, My Account, My Basket, Checkout, Log In, a search bar with a GO button, and a main navigation menu with links: Home, Products, Range, Find a stockist, FAQs, Blog, and Contact Us. The main banner features a large image of a wooden sideboard with the text "Great Expectations" and "The Original Sideboard. Expect nothing less than the finest quality with our unique ranges." Below this is an "ORDER ONLINE" button. At the bottom, there is a row of five product thumbnails: 3 Door Sideboard, Coffee Table, Windsor Chair, Pedestal Cabinet, and Lamp Table.
