## distinctly different\_

The latest teak collection from Nathan features unique styling, soft curves and contemporary shapes. These are combined with exquisite veneering, intricate door detailing and fine craftsmanship, to enhance the beauty of your home.

## Design

Shape and proportion are blended to create a stylish, contemporary and elegant look that will fit perfectly into your home.

Symbolising everything that Shades represents, our signature sideboards and display cabinets have curved tops, drawers and doors, making a definitive statement of good taste.

Our carefully selected and matched frontage veneers exude quality, equalled by the craftsmanship that goes into creating the beautiful curved glass and wood doors.

Function is just as important as looks and this beautiful furniture incorporates well planned storage and display, soft close drawers and sensuous lighting to illuminate those treasured items.

## to dine for\_

Whether it's an informal dinner for two or a setting for many more, Shade's flexible dining options can be configured to suit every occasion.

## Dining

Shades offers flexible dining options with tables that look as elegant when laid for an intimate candle-lit dinner or extended for the whole family. Chairs come in two superb designs - the stylish ladder back, showing off the beauty of the wood, or alternatively the comfort and sophistication of the upholstered back chair.

Tables and chairs can be co-ordinated with a selection of functional sideboards and display options to complete the setting.

# designed for living\_

A timeless and functional living room collection that can be added to in years to come.

## Living

The unique styling of soft curves and elegant detail flow all the way into the living room. Our shaped corner TV cabinet provides the perfect display for your television and accessories, whilst our unique range of occasional tables with bevelled glass or stunning sunburst veneer tops will transform any and every living space.

## Heritage

When Nathan Barnett founded his furniture company in 1916, his vision was to design beautiful, elegant furniture offering quality and value. Fine craftsmanship, using high quality materials and strong designs with long lasting appeal, are the qualities that Nathan still applies to its furniture today.

Shades is our stunning collection of beautifully crafted, shapely furniture that will grace any home for years to come.

## Quality

For centuries, teak has been the most sought after of all the prized hardwoods. Furniture makers have valued it for its durability, beautiful grain patination and its natural lustre and colour.

For more than 50 years, Nathan has selected only the finest grades of teak veneer and treated it with only a clear polish to protect its natural beauty.

## the natural selection\_
